

Kit contents

What to prepare

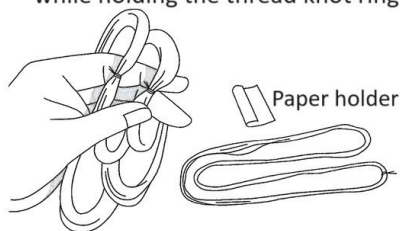

Convenient things to have

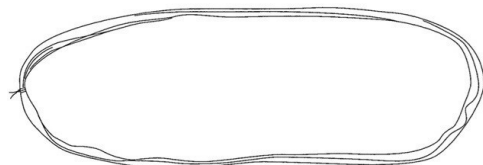

Rubber gloves, Vinyl sheet, Apron

How to handle thread

- Remove the bundled paper and separate it into individual skeins while holding the thread knot ring.

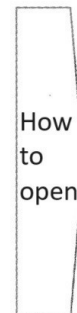

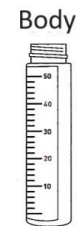

- While holding the thread knot ring, arrange each skein into a loop.

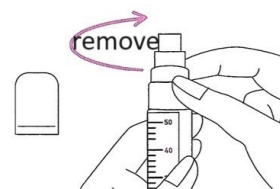

How to use the liner

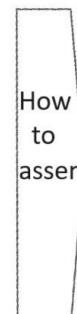

[Part-name]

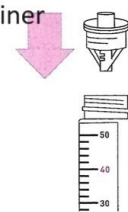

- When removing the lid and holder **turn clockwise**

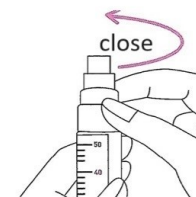

- Remove the inner stopper
The inner stopper has 2 parts,
top and bottom, overlapping each other.

- Push in the inner stopper
Push the inner stopper into the
container and attach it.

- Tighten the holder and attach the lid
Turn the holder **counterclockwise**
to attach it and **close it until clicks.**

About the liner scale

You could make dyed of various concentrations by adding dye and water using the numerical scale.

★ If you use the red star scale, you could make dye at a concentration of 20% for 1 skein.

(The starter kit dyes at a concentration of 50%)

Notes

- ※ If you wish to re-use the liner, please wash and dry it thoroughly to prevent color transfer.
- ※ We recommend wearing clothes that can get dirty and rubber gloves while working.
